MBI 147
Kelly Abshire
PSN 112
4:25-5:20

Learning objectives:

At the end of this session, students will be able to:

- Understand the differences between Google and library database search results (Articles & More) in order to find and select the best resources for their topics;
- Evaluate a resource's authoritativeness in order to select sources appropriate to their needs.

Session Website: https://sites.google.com/miamioh.edu/mbi-147/home

Outline:

- Introduction (3-5 mins)
    - Who has had a library-oriented session already?
    - Some information may be repeated -- please bear with me and hopefully you'll learn something new
    - KW(L)
- Activity: scholarly & popular (10-15 min)
    - Crowd-source aspects of each type
    - How does this relate to you?
    - Pin the source activity
- Activity: Google vs. Library (time remaining)
    - Evaluate search results: "vaccine danger"
    - How does this fit into schol/pop discussion?
    - Adding another axis to continuum? Credible/uncredible?
- What if you aren't sure where to place a source?
    - Library!
    - Find my contact info
    - Ask us!
- Wrap-up / Final thoughts / exit ticket
