MIAMI UNIVERSITY
LIBRARIES

1. What is your discipline/field of study? What is your topic for Project 2?

   _____

   _____

2. Write down (or bookmark) Subject & Course Guides useful to your project.

   URL: _____

   URL: _____

   URL: _____

3. Brainstorm keywords related to your topic below. You'll use these to develop a search strategy in the library's databases. Try to think of as many keywords **synonyms** and **alternative keywords** to describe your topic as possible. If you're having a hard time brainstorming, think about your topic in terms of **WHO** (population or group), **WHAT** (aspect or subtopic), **WHEN** (time period) and **WHERE** (setting or geographic location).
